Subject: Resubmittal of 213RR for portable toilets and hand wash station at C Branch IC

Dear Colleagues

I understand that our 213 RR for portable toilets has been denied or delayed . If this is not true, I apologize and you can stop reading

We currently have an onsite staff of approximately 50 personnel

I was advised by IMAT LOGS to use the National Guard units on the other side of the mall

NATIONAL GUARD RESOURCES ARE DEMOBING FROM THIS LOCATION AT THIS TIME

Please move this request up the priority list if at all possible. This is a safety issue.

If the logistical roadblock is related to vendor availability, please let us know that as well. If you need us to try and get a vendor we can assist with that as well

This request does NOT pertain to facilities for living quarters. This will be a separate request

Your assistance is appreciated

Thank you

Chris
